

Codex Pets

首次安装指南

macOS 13+ · Apple silicon

1 拖入应用程序，再从应用程序打开

安装后请从 Applications 文件夹打开 App。

2 首次启动被拦截时，先关闭提示

无法验证开发者

提示措辞随 macOS 版本变化。

当前发行版未经过 Apple 公证。

3 在系统设置中允许这一个 App

系统设置

隐私与安全性

向下滚动至安全性

Codex Pets

仍要打开

再次确认“打开”；按系统提示验证即可。

4 完成，打开商店选择宠物

此后可正常启动，无需重复设置。

先确认下载来自下方官方 Release，且文件未遭篡改。

图中设置为示意图；若提示包含恶意软件或 App 已损坏，请停止并重新核对下载。

Codex Pets

First installation

macOS 13+ · Apple silicon

1 Drag to Applications, then launch

Open Codex Pets from Applications after copying it.

2 If the first launch is blocked, dismiss the alert

This release has not been notarized by Apple.

3 Approve this app in System Settings

Confirm Open, and authenticate if macOS asks.

4 You are ready. Open Codex Pets and choose a pet

Future launches do not need the same approval.

Use the official release below and verify the download is intact.

Illustrations are schematic. Stop if macOS reports malware or a damaged app.
